- 2. JUNIOR AND SENIOR BEST THREE FEMALES.** JUNIOR (Senior Two and Under) – Three females under two, not to have calved, where the exhibitor has bred all three and has ownership in at least one animal. Each exhibitor limited to one entry. SENIOR (must have calved once) - Three females that have calved once, and where the exhibitor has bred all three and has ownership in at least one animal. Each exhibitor limited to one entry.
- 3. STATE HERD.** Six animals entered by owners from one state, consisting of two females, 2-years-old or older; two females under two years of age; two other females any age; owned by a minimum of three exhibitors, farming units or syndicates with a maximum of three animals from one exhibitor, farming unit or syndicate. This class will not be a lead out class, a designated representative from each state must bring entries they wish to have included in their state herd to the show desk as soon as the last individual class is

completed. Massachusetts Jersey Assn. will receive the total payment for a Massachusetts state herd. All other payouts are to be determined at the exhibitor's meeting.

**4. BEST FIVE HEAD.** This group, all owned by the exhibitor, consists of two milking females, two heifers and one any age.

**5. PRODUCTION AWARDS.** Awarded to the animal in the top half of its class with the highest actual protein production based on 305 day (or less) on the most recent completed record or current record in-progress. Substitute entries are eligible. Records should be listed on the entry blank at time when entries are made. These records will appear in the catalog. Records will be accepted when the breed superintendent checks in the cattle. DHI records must verify all records and must be turned in prior to show day for verification.

**6. TOTAL PERFORMANCE AWARD.** Animals must place in the top 50% of their respective classes to compete. A cow must have at least two completed records of 305 days or less. Both records used must be DHIR or DHI. An average of the top two completed 305 day or less actual production records will be used. Yield Deviation (YD) on official AGA pedigrees will be used and the type appraisal scores will be verified. Dry cows are eligible. This is not a lead out class, however, the winning animal will be asked to return to the ring and the awards presentation will be made at this time. Points will be calculated as follows: Production - 10 points for each 1,000 pounds of milk based on the average of the top two records; one point for each 10 pounds of combined butterfat and protein (CFP) based on the average of the top two records. Yield Deviation - 10 points for each 100 pounds of milk; one point for each pound of CFP. Appraisal Score - The cow's current official appraisal score will be doubled. Show Placings - Points will be awarded on the basis of the official placing in the class. These points will be taken from the scale used for Premier Breeder and Premier Exhibitor and multiplied by 20 to equal show points. Breeder - 50 bonus points shall be awarded if the exhibitor is the breeder of the animal. If a tie should exist, a lactation factor shall be applied, with 10 points being awarded for each lactation the cow has completed.

**7. PREMIER BREEDER/EXHIBITOR.** Points for Dry Cows will be the same as milking females.
